Spectrum Generations Rewarded By Greater Brunswick Physical Therapy

(Brunswick, June 11, 2008) Spectrum Generations, the Central Maine Area Agency on Aging, recently received congratulatory gift certificates as part of Greater Brunswick Physical Therapy's 20th Anniversary Celebration.

"We very much appreciate the support we have received over the past many years and have arranged several ways to give back to the community," said a GBPT spokesperson, who explained that they hope Meals on Wheels volunteers will "take this opportunity to receive some well deserved care from us."

Currently, more than three dozen volunteers are involved with delivering meals to homebound seniors and disabled adults in Brunswick, Harpswell, and Sagadahoc County. "We can't possibly thank them enough," declared Debbie Atwood, Spectrum Generations Nutrition Coordinator. "It's wonderful to have community business partners join me in recognizing the extraordinary work of our volunteers in this tangible way. Recently, several other area businesses donated gift certificates and items for our National Volunteer Appreciation celebration, which shows that the business community understands the vital role volunteers play."

For more information about Spectrum Generations programs, the public is invited to call 729-0475 to reach the Brunswick Resource Center or to call our Information & Help Line at 1-800-639-1553. On the Internet, Spectrum Generations can be found at www.spectrumgenerations.org. Hearing impaired may call our TTY number 1-800-464-8703.
